

## Lakeshore Elementary

August 16, 2013

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2012-2013 educational progress for Lakeshore Elementary School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability and teacher quality. If you have any questions about the AER, please contact Principal Jens Milobinski for assistance.

The AER is available for you to review electronically by visiting the following web site <http://www.westottawa.net/annual-reports/> or you may review a copy from the principal's office at your child's school.

The state has identified some schools with the status of Reward, Focus or Priority. A Reward school is one that is outperforming other schools in achievement, growth, or is performing better than other schools with a similar student population. A Focus school is one that has a large achievement gap in 30% of its student achievement scores. A Priority school is one whose achievement and growth is in the lowest 5% of all schools in the state.

Our school has been identified by the Michigan Department of Education as a Reward school.

State law requires that we also report additional information about our school. The following will provide you with additional information about our school and our achievements:

#### STATE BOARD OF EDUCATION

JOHN C. AUSTIN – PRESIDENT • CASANDRA E. ULBRICH – VICE PRESIDENT  
NANCY DANHOF – SECRETARY • MARIANNE YARED MCGUIRE – TREASURER  
RICHARD ZEILE – NASBE DELEGATE • KATHLEEN N. STRAUS

### Process for Assigning Students

Students are assigned to Lakeshore based upon a geographical location. Boundaries for bussing exist in the districts nine elementary schools. If parents request Lakeshore for schools of choice, they must provide their own transportation. Lakeshore Elementary is frequently requested by parents as a school of choice. Lakeshore is also the location that houses the districts Spanish Immersion program.

### School Improvement Plan

Our School Improvement Team developed goals for the content areas of reading, writing and math. A copy of the full school improvement plan is available at [www.westottawa.net/schools](http://www.westottawa.net/schools).

**By June 2022, 85% of all students will demonstrate a proficiency in all reading standards in English Language Arts as measured by state level assessments.**

Strategies that we will use to improve our reading scores include a focus on comprehension and using collaborative grade level and school teams to consistently analyze demographic and achievement data to inform decisions regarding implementation of best practices, instructional resources, and assessment tools for use in K-5.

**By June 2022, 85% of all students will demonstrate a proficiency in all writing standards in English Language Arts as measured by state level assessments.**

Strategies that we will use to continue our improvement in writing include using collaborative grade level and school teams to consistently analyze writing data to inform instructional decisions, a focus on writing strategies in all core content areas, and consistently use SIOP instructional strategies to meet individual student needs.

**By June 2022, 85% of all students will demonstrate a proficiency in all standards in mathematics as measured by state level assessments.**

Strategies that the Lakeshore Elementary staff will use to address the areas of need in math include working in collaborative teams to analyze math data, continuing implementation of CCSS and the 8 Math Practices, curriculum alignment, and a focus on targeted interventions.

### School Description

Lakeshore Elementary services both a general education population of K-5 students and special education students through inclusion and a resource program. The district houses it's "West Ottawa Wonders" 3 year old and four year old preschool program at Lakeshore as well. The YMCA uses Lakeshore Elementary as one of its four buildings to provide a daycare program for the families of West Ottawa Public Schools.

## Our Core Curriculum

The core curriculum based on the Common Core State Standards (CCSS) provides a framework for our educational programs. It is a set of expectations all students should achieve to progress in their schooling. We are working to deliver a curriculum that provides all students with the knowledge and skills necessary for living effectively today and in the future. Our curriculum provides extended opportunities designed to meet individual needs. Course offerings exceed core curriculum requirements established by the Michigan Department of Education. Strong academic programming is supported by quality technology and facilities.

Integrated with our core academic curriculum and enhancing a student's quality educational experiences are:

- Clubs, organization, and athletics
- Community partnerships
- Field trips, assemblies, and special activities/events
- Integration of technology into instruction and assessment
- Library-media resources
- Project CHARLIE
- Special education
- Student government
- Technology tools/resources

Student achievement remains our top priority. Higher standards and greater expectations have resulted in the implementation of a variety of instructional methods, progressive teaching strategies, and specialized programs designed to respond to the individual needs and learning styles of a diverse student population. We offer a demanding academic schedule for all students with an emphasis on college preparation skills. This program is supported by strong educational components that provide real-world vocational/technical training choices for students.

We embrace the concept of a brain-compatible learning environment, recognizing that individuals learn at different rates of growth through different methods of instruction and a variety of teaching/learning styles. Our curriculum makes provisions for the variability of academic skills, interests, and social, emotional, and physical development within our student population. Copies of core curriculum are available for review through the Office of Teaching and Learning and on the website at [www.westottawa.net/schools](http://www.westottawa.net/schools).

### Parent and Community Involvement

Parent and community involvement in the education of children and participation in the life of a school are reflected in many ways. One avenue is attendance at parent-teacher conferences.

- 95% of our parents/guardians attended fall conferences in 2011-12
- 97% of our parents/guardians attended fall conferences in 2012-13

Additionally, parents are actively involved in school activities through volunteering and the Lakeshore PTO. The PTO is an active and dynamic part of the school community which supports and enhances the instructional programs and activities at Lakeshore. All Lakeshore parents are automatically members and encouraged to attend monthly meetings. Annual PTO fundraisers produce the means by which the PTO operates, providing activities, parties, assemblies, field trips, and special instructional materials for our students.

We will continue to work together as a school staff to provide the excellent education the community has come to expect.

Sincerely,

Jens Milobinski, Principal
